FIT NOTE

The supplied finished chest measurements are smaller than the body measurements. Check gauge and fabric stretch before choosing a size; do not confuse finished garment size with body size.

READING THE NUMBERS

A single figure applies to every size. A 0 means do not work that stitch, row or repeat for that size.

Yarn quantities are approximate.

CROCHET PATTERN

JOIN THE BODY

With right sides together, join the side seams using a single-crochet seam.

ATTACH THE STRAPS

Line up the straps with the top back edge. Check their position and length, then whip stitch securely in place.

WAISTBAND • 3 MM HOOK

Work 148(174:198:222:246:268:292) sc evenly around the bottom edge.

Continue in sc until the trim measures 1¾ in / 4.5 cm.

Work in continuous rounds.

Cut and secure yarn.

FINISH

Weave in loose ends and block as desired.

Check side seams, strap attachments and waistband tension.

EDITORIAL CORRECTIONS

- Back, first armhole decrease: for size 36–38, the source’s 72 middle sc conflicts with the stated total. Working 70 middle sc plus two decreases produces 72 stitches.
- Front, first side: after the initial “skip 1, sc2tog” in neck rows 2, 4 and 6, the source gives one too many plain sc. These rows now say “sc BLO to end” to match the stated totals.
- Front, second side: neck row 5 also gives one too many plain sc after “skip 1, sc2tog.” It now says “sc BLO to end.”
- A missing “turn” was added to the first row of the second side’s four-row repeat.
- The second strap uses the same 3 mm hook as the first; this is an editorial interpretation.
