

THE CURATED PIN

THE BIRTHDAY PARTY PLANNER

A calmer way to celebrate

29

PAGES

YOUR CELEBRATION, BEAUTIFULLY ORGANIZED

A practical, beautifully organized system for the budget, guest list, food, activities and the moments that matter.

A CALMER BEGINNING

How to use this planner

Build a celebration around people and priorities, not a mountain of purchases.

01

Begin with the people

Choose the guest count, setting, access needs and one feeling you want the celebration to have.

02

Name the real budget

Set a total you can live with. Reserve a little room for small surprises before making any purchases.

03

Pick one anchor moment

Choose one shared activity, food experience or meaningful ritual. Everything else can stay pleasantly simple.

04

Plan the practical details

Use only the worksheets that help. A calm host is worth more than a perfectly coordinated napkin.

05

Leave room to enjoy it

Confirm the essentials, ask for help and protect breathing room in the party-day schedule.

THE CURATED RULE

Decisions first. Shopping second. Good company always.
