10 PRACTICAL PRINTABLE PAGES

A THOUGHTFUL START, WITHOUT THE OVERWHELM

Made to print, annotate on a tablet, and use only as much as your celebration needs.

01 | BEGIN

A calmer way to get started

The entire plan becomes easier once these four decisions have a home.

01

Choose the people

Start with who the celebration is for, the guest count and any comfort or access needs.

02

Set one honest number

Name the total budget before you pick decorations, extras or a complicated menu.

03

Choose one good moment

Plan one shared activity, meal or little ritual that feels right for the guest of honor.

04

Leave the rest optional

Use only the pages you need. A simple celebration can still feel generous and memorable.
